## **Independent Auditors' Report**

The Board of Directors  
Child Foundation

### **Report on the Financial Statements**

We have audited the accompanying financial statements of Child Foundation (the Organization), which comprise the statement of financial position as of May 31, 2019, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditors' Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Child Foundation as of May 31, 2019, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Emphasis of a Matter**

As discussed in *Note 2* to the financial statements, the Organization has adopted Accounting Standards Update (ASU) No. 2016-14, *Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities*. Our opinion is not modified with respect to this matter.

## **Report on Summarized Comparative Information**

We have previously audited Child Foundation's 2018 financial statements and we expressed an unmodified audit opinion on those audited financial statements in our report dated October 9, 2018. In our opinion, the summarized comparative information presented herein as of and for the year ended May 31, 2018, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Huffman, Stewart & Schmidt, P.C.

Lake Oswego, Oregon

# CHILD FOUNDATION

## Notes to Financial Statements

---

### 1. Nature of Organization

Child Foundation (the Organization), an Oregon nonprofit corporation formed in 1994, has no political, religious, ethnic, or racial affiliations. The Organization supports social service work primarily in five countries as follows:

**Iran** - The Organization matches supporters from the United States of America and other countries with disadvantaged children who need assistance in order to stay in school. The children and their families are identified by a non-governmental organization in Iran, Refah Koodak, and are then referred to the Organization. As of May 31, 2019, there were approximately 7,600 active sponsorships. During the year ended May 31, 2017, the Organization received a renewable two-year license from the Office of Foreign Assets Control (OFAC) to send \$3,000,000 in cash per year to Iran for the purpose of providing financial and material support to the sponsored children. The OFAC license expired on February 28, 2019.

Several months prior to the OFAC license expiration date, the Organization, through its legal counsel, filed an application for renewal. On November 20, 2019, the Organization was informed by OFAC that the license to send cash to sponsored children in Iran was not renewed.

During the period that the organization was waiting for the OFAC response (from February 28, 2019 through November 20, 2019), the Organization continued to accrue direct program aid on funds received for sponsored children in Iran. The Organization's legal counsel has requested guidance from OFAC regarding the appropriate distribution of these funds.

The Organization's legal counsel believes the Organization is not prohibited to deliver food to Iranian children because food export to Iran for humanitarian purposes does not require an OFAC license. Therefore, pursuant to the OFAC response on November 20, 2019, the Organization has initiated a food package delivery program in lieu of cash disbursements to the sponsored children in Iran. The Organization's legal counsel is in the process of informing OFAC of the food package delivery program for continued support of the sponsored children in Iran.

In addition, the Organization is authorized by OFAC to send \$500,000 in cash annually to Iran for activities related to non-commercial reconstruction projects in response to natural disasters.

Total amounts transmitted to Iran, including direct program aid and activities related to non-commercial reconstruction projects, during the years ended May 31, 2019 and 2018, were \$2,880,990 and \$2,602,140, respectively.

**Afghanistan** - The Organization matches supporters in the United States of America and other countries with disadvantaged children in Afghanistan who need assistance in order to stay in school. As of May 31, 2019, there were 377 active sponsorships.

**Indonesia** - The Organization provides support to needy children, enabling them to continue their education. The Organization supported 48 children during the year ended May 31, 2019.

## CHILD FOUNDATION

### Notes to Financial Statements - Continued

---

#### 1. Nature of Organization - Continued

**Nepal** - The Organization works with Empower Nepali Girls Foundation, a United States 501(c)(3) organization, in Nepal, matching supporters with children there. During the year ended May 31, 2019, the Organization provided support for 20 girls in Nepal, regardless of whether sponsors have been identified.

**Cambodia** - The Organization has recently begun working with Angkor Kids Center, a private non-profit organization that provides education to needy children in rural areas of Cambodia. The Organization supported 21 children during the year ended May 31, 2019.

The Organization also assists with medical expenses for surgeries and other medical treatment for individual children who are referred by its partner social service agencies. When earthquakes, mudslides, and other natural disasters occur, the Organization organizes support and sends relief to the affected areas through its partner social service agencies, often focusing on rebuilding schools.

#### 2. Summary of Significant Accounting Policies

The significant accounting policies followed by the Organization are described below to enhance the usefulness of the financial statements to the reader.

**Basis of Accounting** - The Organization's financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America (GAAP).

**Basis of Presentation** - Net assets and all balances and transactions are presented based on the existence or absence of donor-imposed restrictions. Accordingly, the net assets of the Organization and changes therein are classified and reported as follows:

*Net assets without donor restrictions* - Net assets not subject to donor-imposed stipulations.

*Net assets with donor restrictions* - Net assets subject to donor-imposed stipulations that will be met by actions of the Organization and/or the passage of time. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that certain resources be maintained in perpetuity.

Expenses are reported as decreases in net assets without donor restrictions. Gains and losses on other assets or liabilities are reported as increases or decreases in net assets without donor restrictions, unless their use is restricted by explicit donor stipulation or by law. Expirations of restrictions on net assets (i.e., the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as net assets released from restriction.

## CHILD FOUNDATION

### Notes to Financial Statements - Continued

---

#### 2. Summary of Significant Accounting Policies - Continued

**Use of Estimates** - The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the year. Actual results could differ from these estimates. Among other things, estimates are used in the financial statements to calculate depreciation and amortization expense (based on the estimated useful lives of the underlying assets), and to allocate certain expenses by function.

**Cash and Cash Equivalents and Restricted Cash** - For purposes of the financial statements, the Organization considers all liquid investments having initial maturities of three months or less to be cash equivalents. Restricted cash consists of donor contributions restricted for the creation of an endowment.

**Investments** - Investments in annuities are carried at contract value, which approximates fair value (*Note 5*).

**Property and Equipment** - Land, buildings, and equipment purchased by the Organization are recorded at cost, with a capitalization threshold of \$1,000. Donated equipment is recorded at fair market value as of the date received. Depreciation and amortization is computed on the straight-line method over the following estimated useful lives:

Furniture and equipment	5 to 10 years
Buildings and improvements	10 to 25 years
Software and website	5 years

Construction in progress is carried at cost and not depreciated until placed in service.

**Deferred Revenue** - Deferred revenue consists of advance payments received on exchange transactions and conditional contributions for the creation of an endowment.

**Contribution Recognition** - Contributions, including unconditional promises to give, are recognized as revenues in the period received. Conditional promises to give are not recognized until they become unconditional, that is when the conditions on which they depend are substantially met. The Organization reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets.

## CHILD FOUNDATION

### Notes to Financial Statements - Continued

---

#### 2. Summary of Significant Accounting Policies - Continued

**Donated Goods and Services** - Donations of property, equipment, materials, and other assets are recorded as support at their estimated fair value at the date of donation. Such donations are reported as unrestricted support unless the donor has restricted the donated asset to a specific purpose. During the years ended May 31, 2019 and 2018, the Organization received donated supplies totaling \$2,820 and \$6,692, respectively, which are included in supplies expense in the accompanying statement of functional expenses.

The Organization recognizes donated services that create or enhance nonfinancial assets or require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. During the years ended May 31, 2019 and 2018, the Organization recognized specialized donated services totaling \$582 and \$1,282, respectively. Donated services not meeting the above criteria have not been reflected in the accompanying financial statements.

**Functional Allocation of Expenses** - The costs of providing the Organization's various program services and other activities have been allocated among the programs and supporting services benefited. The statement of functional expenses presents the natural classification detail of expenses by function.

The statement of functional expenses reports certain categories of expenses that are attributable to more than one program or supporting service function. Therefore, these expenses require allocation on a reasonable basis that is consistently applied. The expenses that are allocated include payroll and related costs, which are allocated on the basis of estimated time and effort.

**Income Taxes** - Income taxes are not provided for in the financial statements since the Organization is exempt from federal and state income taxes under Section 501(c)(3) of the Internal Revenue Code and similar state provisions. The Organization is not classified as a private foundation.

GAAP prescribes a recognition threshold and measurement process for accounting for uncertain tax positions and provides guidance on various related matters such as interest, penalties, and required disclosures. Management believes the Organization does not have any uncertain tax positions. The Organization files informational returns. Generally, the returns are subject to examination by income tax authorities for three years from the filing of a return. The Organization has not paid any interest or penalties related to its income tax positions, and there are no audits for any tax periods in progress. Interest or penalties assessed by taxing authorities, if any, would be included with general and administrative expenses. The Organization's federal Form 990, Return of Organization Exempt from Income Tax, for the year ended May 31, 2017, is currently under examination by the Internal Revenue Service.

## CHILD FOUNDATION

### Notes to Financial Statements - Continued

---

#### 2. Summary of Significant Accounting Policies - Continued

**Foreign Currency Translation** - Certain assets of the Organization are translated into U.S. dollars at year-end exchange rates. Management has determined that adjustments resulting from translating the foreign currency are immaterial to the financial statements, and have not separately disclosed this cumulative translation adjustment.

**New Accounting Standards** - In August 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2016-14, Not-for-Profit Entities (Topic 958): *Presentation of Financial Statements of Not-for-Profit Entities*. The update addresses the complexity and understandability of net asset classification, deficiencies in information about liquidity and availability of resources, and the lack of consistency in the type of information provided about expenses and investment return. The Organization implemented ASU 2016-14 during the year ended May 31, 2019, and has adjusted the presentation in these financial statements accordingly. The ASU has been applied retrospectively to all periods presented.

The Organization also adopted the provisions of ASU 2016-18, *Restricted Cash (a consensus of the FASB Emerging Issues Task Force)*, which requires an entity's reconciliation of the beginning of period and end of period total amounts shown on the statement of cash flows to include in cash and cash equivalents amounts generally described as restricted cash and restricted cash equivalents. This ASU is effective for fiscal years beginning after December 15, 2019, with early adoption permitted. The Organization elected to early adopt this ASU for the year ended May 31, 2019, using a retrospective transition method for each period presented. The nature and reason for this change is a direct result of the guidance issued by FASB.

**Summarized Financial Information for 2018** - The financial statements include certain prior year summarized comparative information. Such information does not include sufficient detail to constitute a presentation in conformity with GAAP. Accordingly, such information should be read in conjunction with the Organization's financial statements for the year ended May 31, 2018, from which the summarized information was derived.

**Reclassifications** - Certain reclassifications have been made to the 2018 information to conform to the 2019 presentation.

**CHILD FOUNDATION**

**Notes to Financial Statements - Continued**

**3. Liquidity and Availability of Resources**

The Organization's financial assets available for general expenditure within one year of the statement of financial position date consist of the following at May 31:

	<b>2019</b>	<b>2018</b>
Cash and cash equivalents	\$ 1,342,011	\$ 1,045,625
Contributions receivable	11,772	135,460
Other receivables	<u>2,889</u>	<u>30,749</u>
Total financial assets available within one year	1,356,672	1,211,834
Less amounts unavailable for general expenditures within one year due to donor-stipulated restrictions	<u>(145,959)</u>	<u>(136,492)</u>
Total financial assets available for general expenditures within one year	<u><u>\$ 1,210,713</u></u>	<u><u>\$ 1,075,342</u></u>

As part of the Organization's liquidity management, the Organization has a practice to structure its financial assets to be available as its general expenditures, liabilities and other obligations come due.

**4. Property and Equipment - Net**

Property and equipment consists of the following at May 31:

	<b>2019</b>	<b>2018</b>
Furniture and equipment	\$ 22,623	\$ 28,023
Buildings and improvements	159,467	155,567
Land	194,344	194,344
Software and website	<u>16,701</u>	<u>16,701</u>
	393,135	394,635
Less accumulated depreciation and amortization	<u>(29,967)</u>	<u>(27,955)</u>
	363,168	366,680
Construction in progress	<u>47,555</u>	<u>-</u>
	<u><u>\$ 410,723</u></u>	<u><u>\$ 366,680</u></u>

## CHILD FOUNDATION

### Notes to Financial Statements - Continued

---

#### 5. Fair Value Measurements

The classification of assets and liabilities within the fair value hierarchy is based on whether the inputs to the valuation methodology used for measurement are observable or unobservable. Observable inputs reflect market-derived or market-based information obtained from independent sources while unobservable inputs reflect estimates about market data.

The three levels of the fair value hierarchy and the valuation methodologies used for assets are described below:

*Level 1* Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the Organization has the ability to access.

*Level 2* Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3* Fair value is based on significant unobservable inputs.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

**CHILD FOUNDATION**

**Notes to Financial Statements - Continued**

**5. Fair Value Measurements - Continued**

The following table set forth by level, within the fair value hierarchy, the Organization's asset measured at fair value on a recurring basis at May, 31 2019:

	Level 1	Level 2	Level 3	Total
Annuity	<u>\$ -</u>	<u>\$ 60,000</u>	<u>\$ -</u>	<u>\$ 60,000</u>

Following is a description of the valuation methodology used for the asset measured at fair value:

*Annuity:* Recorded at contract value, which approximates fair value, provided primarily by the insurance company based on pricing models that incorporate available trade, bid, and other market information.

**6. Net Assets with Donor Restrictions**

Net assets with donor restrictions are comprised of the following at May 31:

	2019	2018
Sponsorless children and other relief	\$ 137,075	\$ 117,036
Support in Nepal	8,884	9,695
Support in Iran	<u>-</u>	<u>9,761</u>
	<u>\$ 145,959</u>	<u>\$ 136,492</u>

During the year ended May 31, 2019, net assets of \$3,904,312, were released from donor restrictions by incurring expenses related to restricted purposes specified by donors.

## CHILD FOUNDATION

#### 7. Program Expenses

Program expenses reported on the statement of functional expenses consist of the following for the years ended May 31:

	2019	2018
Direct program aid:		
Iranian children	\$ 3,147,448	\$ 2,946,527
Afghan children	183,268	123,528
Indonesian children	27,491	7,789
Nepali children	9,688	5,570
Other	<u>24,252</u>	<u>1,000</u>
Total direct program aid	3,392,147	3,084,414
Program administrative expenses	<u>733,955</u>	<u>659,294</u>
Total program expenses	<u>\$ 4,126,102</u>	<u>\$ 3,743,708</u>

#### 8. Concentrations

The Organization's sponsorship program provides humanitarian assistance for children in Iran, Afghanistan, Indonesia, Nepal, and Cambodia. Changes in the political environment in those countries could disrupt those program activities.

#### 9. Affiliate Groups

International affiliates consist of small groups of local people who have come together to support the Organization's work. They are organized as independent nonprofit groups and are responsible for their own expenses and licensing in their home countries. They operate under covenant agreements with the Organization. Occasionally, the Organization provides support to their efforts and solicits contributions on their behalf. Contributions they raise are sent to the United States of America and the Organization forwards them to the beneficiary program. The accounts and activities of these affiliates are not included in the accompanying financial statements.

#### 10. Financial Instruments with Concentrations of Risk

Financial instruments that potentially subject the Organization to concentrations of risk consist primarily of cash and cash equivalents, and restricted cash and investments. The Organization typically maintains balances of cash and cash equivalents, and restricted cash in excess of the Federal Deposit Insurance Corporation insured limit.
